

**South East Regional Trauma Council
Trauma Triage, Transfer and Transport Sub-Committee Meeting**

**Labette County Medical Center
Conference Center
1:00 to 2:00 p.m.
May 15, 2003**

MINUTES

PRESENT: Chris Way, Dr. W.C. Dandridge, Rod Pace, Tony Mitchell

See TTT Purpose and Goals

Chris Way,
Chairperson

Chris Way, Chair of the sub-committee facilitated the meeting. Tasks were assigned according to the sub-committee objectives. Standardized criteria will be developed that may be used across the region at the discretion of organizations and services. Rod Pace will create criteria for use of scene flights and Chris Way will work on developing a common triage system. Dr Dandridge and Tony Mitchell will work on creating guidelines for patients who need to be seen at tertiary care facilities, based on the American College of Surgeons guidelines. The RTC will only recommend and make tools available to organizations and facilities. Use is not required.

Future Business:

Reports on progress toward purpose statement goals.

The next meeting has been scheduled on July 17, 2003 from 1:00 to 2:00 at the Labette County Medical Center.
